£9M ROYAL MALAYSIAN AIR FORCE ORDER FOR SU-30 REFUELLING

Cobham plc (Cobham) has been awarded a contract worth £9m to supply and integrate its 754 buddy store refuelling system on Su-30 MKM fighters for the Royal Malaysian Air Force (RMAF). The contract for Cobham's buddy store system, which includes spares and support equipment, will provide the RMAF with the ability to extend the Su-30's range by combining tanking with defensive and offensive capabilities.

Following investment by Cobham in an extensive qualification programme during 2005, the buddy store system is fully qualified for the Su-30 and incorporates over 40 years of design, integration and air refuelling expertise, providing a proven and unique refuelling solution for this latest generation fighter.

Allan Cook, Cobham Chief Executive said:

"This order from the RMAF for the Su-30 fighter is a further endorsement of our 'nose to tail' air refuelling technology, underlining our world class capability in this field. Cobham equipment has been qualified on seven refuelling programmes worldwide over the last two years. We are very excited about the prospects for further orders for our equipment on the Su-30."

Cobham plc is an international company engaged in the development, delivery and support of advanced aerospace and defence systems for land, sea and air platforms. The company has five technology divisions and one in the service sector that collectively specialise in the provision of components, subsystems and services that keep people safe, improve communications and enhance the performance of aerospace and defence platforms.

The Cobham Air Refuelling & Auxiliary Mission Equipment Division provides a nose-to-tail refuelling capability, from tactical tanking for helicopters, buddy-buddy and special operations to strategic tanking for deployment and sustainment of fixed and rotary wing aircraft. Over 1,000 refuelling systems have been delivered to date. The Division also specialises in wing-tip to wing-tip mission systems for fast jets and rotorcraft, including external fuel tanks, missile launchers, pneumatic and pyrotechnic bomb ejection, defensive aid chaff and flare systems, pneumatic multi-store carriers and aerial targets.
